Welcome to the MEC! You are visitor # 44628 since December 3, 1995.

Welcome to Maryland's Electronic Capital, the home of state, county, city, and community information throughout Maryland. Use the [MEC Search](#) to find specific information about Maryland and its governments on the web. In addition to the subject search link, we have built some easy references for [Getting Things Done in Maryland](#).

Visit the [Governor's Office](#) for current press releases and information on Maryland's Governor, Parris Glendening. Explore Maryland's three branches of government using the [Maryland State Government](#) link. All major [Maryland State Agencies](#) have published information on their organization, services, and important contacts for doing business with the state. The [Maryland Counties](#) and [Maryland Cities](#) links allow you to browse local attractions and government services by using a map or name. If you haven't had enough of government after checking out

our state and local pages, link to [Maryland and the Federal Government](#).

One of Maryland's most exciting set of pages is found using the [Tourism](#) link. These pages are full of pictures of Maryland, current events, attractions, and lodging information. We have made special links to many [Maryland Community Networks](#). The directories and links to [Businesses in Maryland](#) are growing by leaps and bounds. You may also search on our references to [Education in Maryland](#). SAILOR, Maryland's Online Public Information Network, provides links to [Maryland Libraries](#) and other resources. Our site is growing steadily and we welcome submissions for [Adding Your Page to the MEC](#).

The MEC has come into being largely as a result of donations of time and equipment from a number of [Corporate Sponsors](#). Please take a moment to sign our [guest book](#), we welcome your comments.
